Hi Blad,

There looks to have been a fire behind our office last night.

Please see attached picture and let me know if you have any questions.

Thank you

Good morning Juan

Any toxics, trash or debris that needs to be removed from public right of way? Please advise. Thank you.

I hope fire did not impact infrastructure.

Best regards,

Thanks Blad. Looks like a plastic palette and materials, not so much your general trash.

It seems as if the building only had damage to the paint and a window broke.
